

Petition: Reject the I\$raeli Settler State, Support the People of Palestine

Over the past few weeks many of us locked up within Amerikkka's prisons have watched, read and heard about the genocidal war crimes currently being committed against the oppressed nation of Palestine by the white settler state of I\$rael. What these events show us is not only the carnage and slaughter of a one-sided war, but that the oppressed will never be free to forge their own destinies so long as the monster of imperialism remains intact.

With forked tongues like the pit of vipers that they are, the United Nations sits idly by and does virtually nothing to help the people of Palestine as the Zionist regime attempts to bomb them out of existence. The so-called "international community" does nothing for Palestine other than speak hypocritically about the need for a cease fire on both ends and the continued need for a two-state solution, as if the mounting deaths (1,432 deaths as of today)(1) and the balance of war was even! Even as the world watches complacent and content through their pacifist, non-interventionist actions, and some begin to complain about the rising number of Palestinian civilian deaths, the United \$tates continues to arm I\$rael. The worthless UN has thus shown its true color; yellow! The international community is guilty of complicity thru complacency, thus Palestinian blood is also on the hands of the United Nations.

As prisoners of good conscience we reject the genocide and slaughter which has hystorically been imposed on the people of Palestine and which is currently being played out by the Jewish state ever since the creation of I\$rael in 1948. And while the Amerikan imperialists and their general citizenry and population have found us guilty of crimes against civil society, we prisoners likewise find them guilty of crimes against humynity for their collusion with the state of Israel to exterminate the Palestinian nation.

Within these walls we are as yet powerless to tap into the potential of the imprisoned lumpen; the oppressed internal nation lumpen in particular as agents of social change, but we are not yet powerless to sign a piece of paper to denounce the state of Israel and their support in the U.\$. Therefore with this declaration we angrily express our indignation with the state of Israel for committing genocide, and for the Israeli people for allowing it to happen in the 21st century after vowing "never again."

Furthermore, with this declaration we express our concern, condolences, solidarity and humynity with the people of Palestine. We grieve your loss. I\$rael must pay! Just as Palestinian prisoners of war showed their support and solidarity with the California hunger strikers by issuing a statement of solidarity to end solitary confinement in the United \$tates, we must now do the same. We must recognize and acknowledge that their struggle is our struggle and we must say no to I\$rael and no to the genocide of Palestine.

Long live the people of Palestine!
Down with I\$rael!
Charge and convict the war criminals!
