

Books for Prisoners

**Educating and Organizing for
Revolutionary Change**

MIM's Political Books for Prisoners program helps prisoners use their time under lock & key to study and to build with us toward a more just and productive society. We offer free subscriptions to MIM Notes, the newspaper of the Maoist Internationalist Movement, and we send in political, legal and history books, to give prisoners tools to study the conditions under which they are living and to turn their knowledge into political organizing.
