

# 6 Billion Disenfranchised Voters

U\$ Imperialism  
Controls:  
Iraq  
Afghanistan  
Aztlán  
Haiti  
Liberia  
Peru  
Philippines  
Oakland...

While most of the world's economies and governments are controlled by u\$ imperialism, they don't get a say in who becomes president.

Some of the hardest workers workers in the u\$ don't get to vote because they are imprisoned or denied citizenship rights.

## 2 Imperialist Candidates

### Bush and Kerry agree:

- We will continue to Invade and Plunder Iraq
- We support Israeli occupation of Palestine
- We oppose Gay Marriage
- We want a Stronger Amerika to combat the terrorists (ie. Brown and Black people)
- We will tighten border control

-Amerikans deserve more money, which we will continue to Exploit from Oppressed Nations around the globe through war and economic policies

Join us for a presentation by 2004 election researchers including Black Panther Kiilu Nyasha, followed by an open discussion of what we can do instead of voting. Show up ON TIME! it's over at 7pm.
