

**RAIL supports
homeland security
to the max
in selected
locations.**

For instance here,
and here,

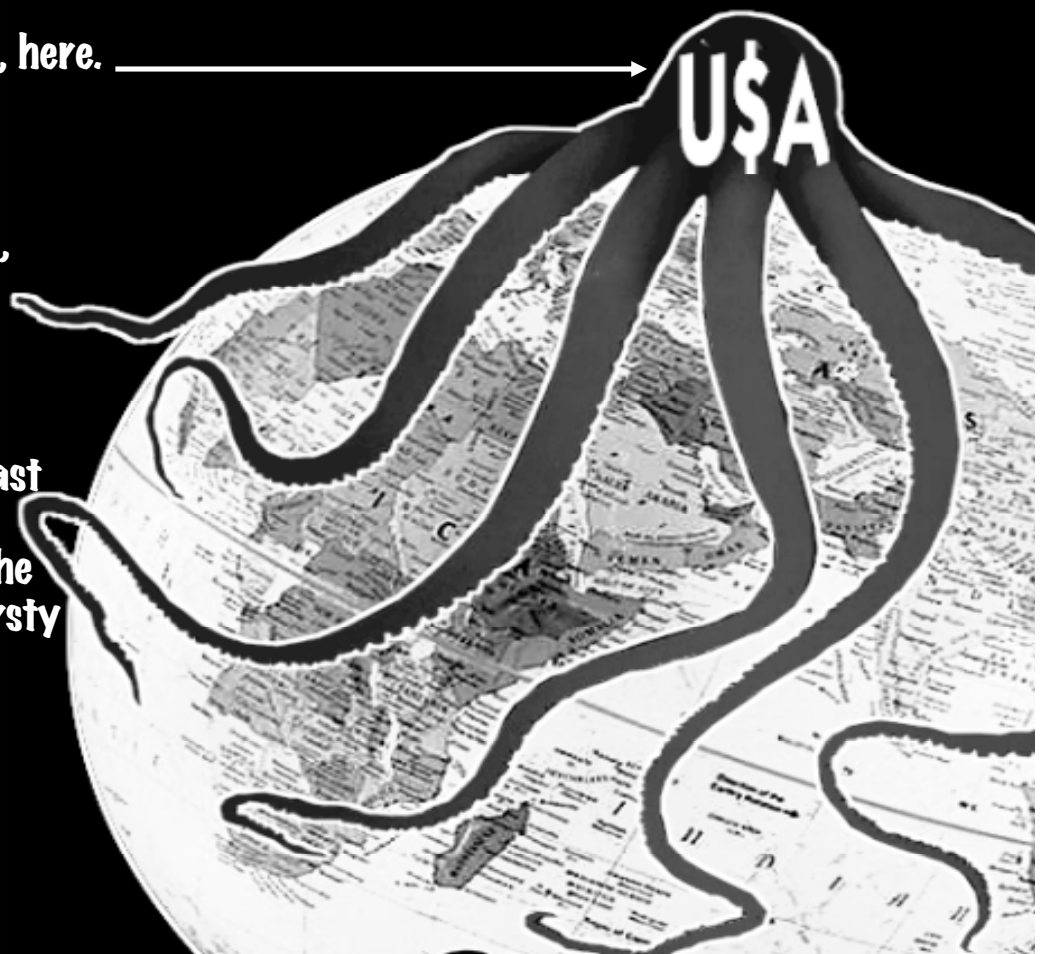

and here.

But not, on the other hand, here.

See, just like everyone else,
we had to choose sides.

Because security for the vast
majority of the world's
peoples, and security for the
homeland of the blood-thirsty
amerikan empire ... well,
they're mutually exclusive
to say the least.

And not choosing
is not an option.

Side with the world's majority.
