TRUTH ABOUT THE U.S. INJUSTICE \$YSTEM

Thirteenth Amendment: "Neither slavery nor involuntary servitude, except as a punishment for crime whereof the party shall have been duly convicted, shall exist within the United \$tates..."

In 1968 the U.\$ prisoner population was 200,000 people. Since then, it has ballooned to over 2 million people. At 701 out of 100,000 people, the United \$nakes of Amerikkka has the highest incarceration rate of any nation in the world. Yep, that's right. The United Snakes imprisons more of its people than Cuba, North Korea, Iran, "communist" China or any African nation. All this 'Amerikkka, land of the free' bullshit is blind rhetoric spouted by devils and pigs. But that's not all.

The truth of the matter is that 60 percent of the people that White Amerikkka imprisons are Black or Brown. Amerikkka imprisons more Black people than South Afrika under apartheid. In fact, Afro-Amerikans are imprisoned at a rate of 7 times higher than Euro-Amerikkans. In 2002, 10.4% of Black Males between the ages of 25 and 29 were in prison compared to 1.2% of the 25-29 year old white male population. For all this bullshit about the equality that the Civil Rights Movement supposable brought, the facts tell another story. It is clear to see that the U.\$ InJustice \$ystem is obviously a instrument of national oppression used against Afro-Amerikans and Latino minorities.

MODERN DAY SLAVERY IN CRACKER AMERIKKKA

In 1994, of the 1.1 million prisoners, nearly half were in a prison work programs. While these programs are supposedly purposed to allow prisoners to repay there debt to society, they are in fact merely a means to allow corporations and the state alike to exploit these people for the value of their labour. Prisoners are paid as low as 14 cents a day. In some programs, prisoners are contracted out to work for minimum wage and then are docked for up to 80% of there paychecks. As one business reporter put it, "Looking for dependable and motivated employees who are eager to work for minimum wage, won't take vacations or expect even a penny in raises? The state has a labor force for you." What has developed in modern day Amerikkka is a situation where the prison population has skyrocketed, while the prisoners themselves create the profit that allows the prison-industry to expand. What has formed in modern day Cracker Amerikkka is modern day slavery outlined by the Thirteenth Amendment.
