

U\$A Out of Iraq Now! Understand why Iraqis resist!

Torture...

Mass Murder...

The *Lancet* a medical journal states that 100,000 civilians had died as a result of the American invasion of Iraq as of 2004.

*This numbers do not include those killed in Fallujah.

American led sanctions caused the deaths of over 1 million people during the 1990's and prior to the U\$ led invasion. Over 50 % of the dead were children

The American-led sanctions fit completely within the UN definition of genocide

If you are outraged by this loss of life and the destruction of an entire nation: GET INVOLVED NOW!
