

Support for the Student Resistance

A Texas prisoner writes,

i want to begin... by expressing sincere solidarity to the surge of student activism in support of the Palestinian people and against amerikan and israeli militarism and imperialism.

If i could tell the students who're facing or will face charges in the empire's courts, i would tell them to keep in constant memory that no matter what they, the empire, says or does you are not a criminal. i would tell them to be careful to remember the righteousness of our cause.

Remember that they are not alone.

A California prisoner writes,

Greetings, I want to extend my support and appreciation for you courageous students who stand against the tyranny of genocide. Your acts and resistance have been well-received around the world and deeply appreciated by Palestinian refugees, as I seen it on the world news, painted on the walls of the refugee camps: "Thank you American students".

Israel is creating a Palestinian genocide. The greatest hypocrisy in history, just as the Nazis did to the Jews. In prison we stand in solidarity with your good cause of saving innocent lives.

Who is MIM(Prisons)?

We are revolutionary Maoist internationalists. We support the self-determination of all nations and peoples. We support nations which choose to delink from the imperialist economy, including the right of the internal semi-colonies to secede from the United States. Today, the U.S. prison system is a major part of the imperialist state used to prevent the self-determination of oppressed nations. It is for this reason that we see prisoners in this country as being at the forefront of any anti-imperialist and revolutionary movement.

Unity with the Palestinian Resistance

A comrade from United Struggle from Within writes,

As prisoners of good conscience we reject the genocide and slaughter which has historically been imposed on the people of Palestine and which is currently being played out by the Jewish state ever since the creation of I\$rael in 1948. And while the Amerikan imperialists and their general citizenry and population have found us guilty of crimes against civil society, we prisoners likewise find them guilty of crimes against humynity for their collusion with the state of Israel to exterminate the Palestinian nation.

Prisoners at Santa Clara County Jail write,

It is clear as day that a genocide is happening and that U.\$ tax payers are complicit as the U.\$ sends billions of dollars to Israel every year. Every time the news comes on talking about Israel, one of the prisoners here yells, "Yo Israel, get the fuck out of Palestine!" Everyone claps in agreement. Some are bewildered as to why the U.\$ is enabling genocide and the more conscious are explaining the history of Amerika and what it has done to this continent and beyond for the dollar. Humyn lives are worth more than profit and the courageous students in their encampments are proving that! To be arrested in a time of genocide is an honorable thing to do.

The Communist Party of Aztlán writes,

It strikes us that the world would be shocked that Amerika would stand by in the face of the genocide happening to Palestine when Chican@s, First Nations and New Afrikans know first hand that the United \$tates is not only a client but a pathfinder in the realm of genocidal settlerism. We should remember it was Amerika who inspired the likes of Hitler in honing his genocidal craft - an evaluation of evidence supports our point.

Here in the occupied territories that some call Amerika, the internal semi-colonies have long known about Amerika's stance on genocide. Chican@s and other oppressed nations who languish in the prisons, in the control units, and on Death Row overstand that Amerika green-lights genocide. The Brown and Black people, gunned down every day by Amerikan police know this as well. The Chican@ nation and other oppressed know because our land and resources are occupied and controlled by the capitalists who neutralize us when we threaten the occupation.

The imperialists have circled the wagons despite the world responding in disgust. The people should also come together, all sectors here in the internal semicolonies also known as the United Snakes.

A free Palestine, like a free Aztlán, will only happen when anti-imperialism is exercised in a united front between all oppressed and allies. The world sees that Palestine is deserving of peace, for it is life while Israel signifies death! End The Genocide!

A Texas prisoner writes,

Palestine's struggle has and is being analyzed in various ways. But for the record the Palestinian struggle is a nationalist, anti-colonial struggle. There are many connections to other nationalist, anti-neocolonial struggles within the united \$tates.

In north amerika the empire has succeeded in stamping out the struggle, the cultural, and much of the existence of the Indigenous people, New Afrikan people, Chican@ People, Puerto Rican people. They have already done to us what israel is attempting to do to Palestine now. amerika looks different, is softer with its policies of social control, only because they're further along in their experiment of empire building and settler-colonialism.

As a captive New Afrikan revolutionary nationalist i am extremely proud of, and inspired by the Palestinian struggle for national independence. Their struggle provides a measuring stick to other nationalist movements. i hope we take note and begin to organize in earnest. From The River To The Sea, Free The Land!
