In response to your correspondence of February 28, 2009, we have evaluated our handling of mailed matter from your organization. As you know Mr. Scott Kernan, former Director of Adult Institutions, imposed a ban on literature/publications from your organization. As a result the mailroom began returning all mailed matter and packages bearing your return address.

The Department's Office of Legal Affairs has been contacted and they concur that our actions are consistent with the intent of the ban. Accordingly the mailroom at Salinas Valley State Prison will continue to mark all mailings for your organization Return to Sender and hand it back to the U. S. Postal Service for processing.
