RE: Under Lock & Key Issue 36

Mr.

I received your letter regarding the censorship of Issue 36 of your publication Under Lock & Key by the Moberly Correctional Center, which you were notified of by the intended recipient, Mr. Edward Wiggins.

The continued censorship of this publication was done in error and has since been rectified. I apologize for the confusion this has caused. Issue 36 of Under Lock & Key was deemed allowable by Mr. Dormire on March 19, 2014, and therefore will not be held at any institution.

The Moberly Correctional Center has been made aware of their error, and officials at the institution have taken steps to ensure this situation does not happen again. Please let me know if you have any further questions or concerns.

Sincerely,
